

MultiCopy Original

Production of MultiCopy Original involves zero CO₂ emissions from fossil fuels, a unique environmental advantage. It is Totally Chlorine Free (TCF) and carries the Nordic Ecolabel, the EU Ecolabel and is available with FSC labelling. MultiCopy Original and its packaging material are 100 % recyclable. The mill has the Chain-of-Custody certification according to FSC® (FSC® trademark license code: FSC® C015932) and PEFC™ (PEFC™ logo license code PEFC/02-31-86).

MultiCopy Original is the perfect paper for those who want to combine excellent print results with a green conscience. MultiCopy Original works excellently in all types of laser and inkjet printer, copiers and faxes. The ColorLok label guarantees exceptional print results in colour as well as black and white. Every single sheet of MultiCopy is vacuum cleaned to prevent dust from ending up in your machines causing jams and other problems. MultiCopy Original can be used for all types of documents, including reports, brochures and internal and external communications. Also ideal for preprint.
