LIGHTSPEED WIRELESS TECHNOLOGY

LIGHTSPEED wireless technology, only from Logitech G, lets you game wirelessly without compromises in latency, connectivity or battery. Play in complete freedom with 20+ hours battery life and up to 15 m range using robust 2.4 GHz frequency.

BLUE VO!CE ADVANCED MIC TECHNOLOGY

BLUE VO!CE microphone technology gives you a choice of real-time voice filters. Reduce noise, add compression and de-essing, and ensure that your voice sounds richer, cleaner, and more professional. Get customizable, studio-quality, in-game voice comms with BLUE VO!CE via G HUB Gaming Software.

SUPREME COMFORT AND DURABILITY

Pro-grade, sleek and minimal design that's built to last with premium aluminum fork and steel-reinforced headband. Ultra-comfortable memory foam earpads and headband are wrapped in plush leatherette and provide passive noise isolation. Extra velour earpads are also included for a softer feel.

NEXT-GEN SURROUND SOUND

DTS Headphone:X 2.0 goes beyond 7.1 channels with enhanced bass rendering, audio clarity and proximity cues. A new level of distance awareness differentiates between near field and far field audio, so your enemies location is pinpointed more than ever.

PRO-G 50 MM DRIVERS

PRO-G features a unique hybrid mesh construction to deliver amazingly clear and precise sound imaging. Hear footsteps and environmental cues with breathtaking clarity, and get the competitive edge you need to win. Now, with 50 mm drivers, the next-gen PRO-G achieves even more accuracy across a wider frequency range, plus higher-fidelity bass response.

PRO SERIES

PRO X WIRELESS headset joins a complete setup of pro-grade gear developed in collaboration with the world's top esports pros. All Logitech G PRO gear features our most advanced technologies designed with a single purpose: to help you win.
