

## Safety Box / Charging Box – Large / X-Large “Heavy-Duty” - Partno. 67885-10/20 / 67885-15/30 for protection, storage and charging of Laptops / iPads / Tablets / Mini-Laptops etc.

Very strong construction with the same approved locking mechanism of the high security type that classified security cabinets have, which provides a very burglar-proof storage.

The shelf section's unique design provides easy cabling and installation

### Safety Box / Charging Box – Large / X-Large for protection and charging of up to 15 Laptops / 30 iPads/Tablets/Mini-Laptops.

The market's most powerful anti-theft box for Laptops, iPads / Tablets and other valuables. Comes with high quality and approved code lock and is suitable for schools, universities, colleges, offices, hotels etc.

Very sturdy construction and built in the same way as our classified safety cabinets, which provide a very burglar-proof storage

#### Storage – Laptop / iPads / Tablets

The safety box is available in 2 versions:

Partno: **67885-10/20 Safety Box / Charging Box – Large** (For protection and charging of up to **10 Laptops / 20 iPads/Tablets**)

Partno: **67885-15/30 Safety Box / Charging Box – X-Large** (For protection and charging of up to **15 Laptops / 30 iPads/Tablets**)

#### Charging

Charging: 2-3 socket strips (220v) with 10 sockets in each strip. Additional socket strip is available as an option if more sockets are needed (635). Number of socket strips as standard:

67885-10/20 (2pcs) / 67885-15/30 (3pcs). An optional 3-Phase adapter is also available if charging needs to be done in 3-Phase socket.

Smart Charging via App/Wifi. Easy scheduling of charging in groups. Minimizes load of the electrical system.

#### Code-Lock - Function

High quality and approved code lock with both User code and Master code. The code unit alerts you when the battery is running out and its unique design makes it easy to replace the battery from the outside of the box..

#### Installation / Mounting

The entire shelf unit can easily be lifted out of the cabinet for easy wiring and installation. Cable clips included for easy organization of charging cables. The safety box is prepared with hole images for easy mounting on a table, floor or in the wall. Several boxes can also be mounted in height and width (Screwkit for mounting in concrete and wood included).

#### Cart

Optionally upgraded to Cart version for use as a mobile classroom with handles and special wheels that make the stroller easy to manoeuvre.
