

EPSON[®]
EXCEED YOUR VISION

Epson Stylus Photo R2880

Professional Epson UltraChrome™ K3 inks with Vivid Magenta for stunning photos up to A3+

The Epson Stylus Photo R2880 is the perfect introduction into larger format printing. Produce superb, long-lasting results with the latest Epson print head and ink technology, whilst enjoying the widest media flexibility available on an A3+ photo printer.

Enjoy amazing flexibility and control to enlarge your black and white and colour images.

Epson UltraChrome K3 ink with Vivid Magenta: for expanded colour gamut, especially in blues and magenta, colour constancy and smooth tonal gradation

Three leveled black inks: for superb grey balance and precise tonal control without any colour cast or twist

Epson New LUT technology: superb gradation and colour gamut, minimal graininess and colour inconstancy

Extensive media support: from photo and fine art media to rolls and thick 1.3 mm board and even CDs and DVDs

New ink repelling Micro Piezo™ print head: improves dot placement and print quality

Long-lasting results: photos stay fresh for decades on a variety of media, whether in an album, studio or gallery

The latest Epson technologies: access the same ink and driver technologies found in Epson large format printers

Connectivity and PC-free printing: PictBridge USB port on the front and dual USB 2.0 ports on the back

Key benefits:

- New improved pigment ink for a wide colour gamut with vibrant blues and purples
- Professional black and white photo enlargement on a variety of media
- Perfect for photography and fine art printing
- Superb quality with the new Epson Micro Piezo print head
