Flexible as you are

The Aspire 1820PT features a special convertible design that allows you to use it as a photo frame, portable cinema or the perfect presentation tool. You can also fold it up like a notepad to take notes, read ebooks or navigate maps. What's more, this Aspire features a built-in accelerometer that automatically rotates images! Smaller than a magazine, the Aspire 1820PT still offers total usability via its Acer FineTip full-size keyboard with larger keys for better typing.

Multi-touch infotainment

Experience the magic of touch! The 11.6" HD display features an integrated multi-touch screen supporting finger touch and pen input for faster and more intuitive navigation. Enter the Acer TouchPortal to manage your multimedia with drag-and-drop convenience. You can also create colorful memos using Acer TouchMemo; cruise the web with Internet Explorer®; and view your next travel destination using Microsoft® Surface Globe.

more than 8 hours battery life[^]

Based on Intel® ultra-low-voltage processors

[^]Disclaimer: Your computer's battery life may vary depending on product specifications, computer settings, and applications or features launched. The listed battery life is for individual battery packs tested with MobileMark 2007 in productivity test mode and with wireless connection on. All batteries' maximum capacity will diminish with time and use. Battery life will vary based on your configuration. The MobileMark2007 benchmark does not include DVD playback. See <http://www.acer.com.au> for more information.
