DATASHEET

KEY FEATURES

- **High Productivity.** High yield supplies up to 8,000 pages in mono and 7,000 pages colour. It also has extensive paper handling with 650 pages standard capacity, 2 paper sources and automatic duplexing. And thanks to high-speed networking you can share the use of the printer across workgroups.
- **Excellent Reliability.** Reduce downtime thanks to a monthly cycle of up to 10,000 pages due to the Micro Piezo print head which lasts the life of a printer and a very strong paper feeding mechanism. The Auto Nozzle Check System keeps the print head clean to maximise print quality at any time.
- **Extensive media support.** Print on a very wide range of media and paper sizes including; letterheads, plain and recycled envelopes. It is also ideal for fast, crisp text and high quality full colour marketing materials. You'll experience the best in quality in either colour or black and white text printing when combined with our pigment-based Epson DURABrite Ultra Inks, which dry very quickly and are durable, water and smudge resistant thanks to the ink's special resin coating.
