

JABRA PRO 900 SERIES

WIRELESS FOR EVERYONE

The Jabra PRO 900 series is a professional wireless headset designed for maximum performance. Now everyone in your office can take advantage of the added productivity and comfort that wireless convenience delivers. Simple, intuitive and high quality, all in one wireless solution.

SIMPLE, INTUITIVE DESIGN FOR FAST USER ADOPTION

The Jabra PRO 900 series is simple to set up and features intuitive call control functions for rapid user adoption. With its adjustable ringtone volume and five different selectable ringtones, the Jabra PRO 900 series makes it easy for users to know when it's their phone ringing – and not their colleague's – which is particularly important in large scale wireless deployments.

IMPROVES EMPLOYEE PRODUCTIVITY

The Jabra PRO 900 series puts the freedom and convenience of wireless communication in everyone's reach. You can now walk and talk for up to 120 metres away from your desk for improved collaboration, multitasking and productivity.

EASY TO DEPLOY AND MANAGE

The Jabra PRO 900 series is optimised for use with all leading desktop phone systems and Unified Communications platforms.

FUTURE-PROOF INVESTMENT - FREE SOFTWARE UPGRADES AVAILABLE

The Jabra PRO 900 series is 100% software based, allowing you to upgrade your headset without incurring additional

Jabra PRO 900 is available in single connectivity and dual connectivity versions. Here is the dual connectivity Bluetooth version, which brings all the calls from both your deskphone and mobile devices together into one hands-free device.

costs. The solution comes with free software that allows you to interface with a range of softphone standards via the embedded drivers as well as update your Jabra headset solution with free value packs and service packs.

USER SAFETY AND CRYSTAL CLEAR AUDIO

For all its ease of use, the Jabra PRO 900 series wireless headset is still all about audio quality and user safety. Features such as Jabra's SafeTone™ technology clips off loud sounds before they can damage users' hearing and ensures workers are staying within safe average sound levels. All this with crystal clear audio as well.

JABRA PRO 900 SERIES PRODUCT BENEFITS

Crystal Clear Sound

Digital signal processing for clearer sound

Clear sound is essential for a good conversation, not to mention call efficiency and accuracy. Digital signal processing (DSP) in Jabra audio devices will remove background noise and echo as well as protect the user against sudden high peaks in volume. Call handling time and potential misunderstandings are significantly reduced.

HD Voice – Wideband Audio

High-quality audio for crystal clear conversations

Enjoy high-definition sound with HD Voice and get crystal clear, intelligible communication. You get lifelike, vibrant conversations where you can focus on the content and don't have to struggle to understand what the person on the other end of the line is saying.

Jabra Software Applications

Easy device configuration and softphone integration

Customise and control your audio device settings with Jabra's software applications. You get full integration and remote call control with the latest generation of softphones.

Noise-cancelling Microphone

Reduces unwanted background noise

Noise-cancelling microphones reduce unwanted background noise and are ideal in crowded and noisy, open office environments.

PeakStop™

Safe sound and superior hearing protection

PeakStop™ technology immediately removes potentially harmful loud sounds or tones before they reach your ears and keeps the sound level within the safe range to protect your hearing.

Remote Asset Management

Remote mass deployment and device management

Configure and implement the company's audio devices 100% remotely from one central point. You get the latest features and functionalities in one go with Jabra Xpress, a web-based solution. You can also get a complete overview of all Jabra audio devices installed in the IT network with Jabra Xpress' asset management component.

Remote Call Control

Seamless integration between your phone and headset

Answer and end calls on the Jabra audio device with seamless integration between your phone and headset. The remote call control gives you the power to multitask and be productive. With a Jabra wireless audio device you can control your call even when you are away from your desk.

SafeTone™

Enhanced hearing protection

Jabra SafeTone™ includes Jabra PeakStop™ and Jabra IntelliTone™, the enhanced hearing protection technology. Benefit from clear, crisp and automatic limitation of average volume exposure during your working day in accordance with acoustic standards and regulations. A feature that offers you significant confidence, safety and comfort while enhancing the quality of your communication.

Talk in Comfort

Be kind to your ears

Ensure total comfort with a wide range of styles that match your individual needs and personal fit requirements. Our light, ergonomically designed frames along with soft ear cushions, adjustable headbands and microphone boom will guarantee that your headset will be comfortable all day long.

JABRA PRO 930/935 MODELS

UC Plug-and-play

Plug and play with all leading UC platforms

Jabra devices feature intuitive call control and seamless connection to all leading UC applications and softphones. They are easy to set up and easy to use, meaning there is no need for installation expertise or extensive training.

DECT MODELS

120 Metre Wireless Freedom

Hands-free communication up to 120 metres / 350 feet

Get wireless mobility up to 120 metres / 350 feet to fully control your Jabra hands-free solution with DECT technology. Answer calls, multitask and move freely around on your terms.

8-Hour Battery Life

Talk for up to 8 hours with no battery life concerns

A wireless audio device would not be a useful tool without an incredible battery life. Even with so much performance packed into such a small space, it still lasts for up to 8 hours on a single charge. So you can talk and work for as long as you want.

BLUETOOTH MODELS

100 Metre Wireless Freedom

Hands-free communication up to 100 metres / 300 feet

Featuring Bluetooth® Class 1, your Jabra device enables you to connect to a vast range of devices from smartphones and tablets to laptop computers. You get a wireless mobility up to 100 metres / 300 feet giving you full control of your hands-free Jabra voice solutions. You can call and multitask on your terms.

12-hour Battery Life

Talk for up to 12 hours with no battery life concerns

A wireless audio device would not be a useful tool without an incredible battery life. Even with so much performance packed into such a small space, it still lasts for up to 12 hours on a single charge. So you can talk and work for as long as you want.

Dual Connectivity

Manage all your calls from one single headset

Dual connectivity technology lets you manage phone calls from several different audio devices, with one single headset. You get greater flexibility and enhanced user experience.

Tap-To-Connect

Connects devices with a simple touch

Near Field Communication technology (NFC) makes it easy for your Jabra device to instantly connect and interact with phones, tablets and interactive tags. It requires no more than a simple touch. Just tap the phone and the Jabra device together and you are ready to talk or stream your music.
