collection features

smarter protection

SLINGTECH™

Not just padding. Your device is suspended away from the edge of the pack, isolating it from the bump zone. Because the best impact protection is impact prevention.

smarter organisation

TECH INNOVATIONS

How we topped our remarkable CableReady™ system that lets you charge on-the-go with cords out of sight: we added an inventive AirPods pocket and ingenious earbud keeper.

smarter travel

LUGGAGE PASS-THROUGH

PassPort securely and easily connects your pack or brief to other baggage items. It's also integrated with the lumbar support of the back panel. Just our way of taking the lug out of luggage.

smarter design

WATER REPELLENT

Multiple layers of polyurethane plus DWR C6 coating form a virtually impenetrable shield to keep water out of your bag. And because our goods are built to last a lifetime, it's friendlier to the environment (so no matter what colour bag you choose, it's going to be green).

COMFORTCARRY™

Our air channel back-panel-and-yoke system wraps around you to provide improved weight distribution. In other words: maximum comfort.
