Kensington have worked together with Microsoft engineers to develop a range of officially licensed Designed for Surface accessories. This means that the product has been designed and tested to assure proper fit and function with a Surface device, ensuring a great customer experience.

Designed for Microsoft Surface

SD7000 Surface™ Pro Docking Station

The SD7000 delivers the ultimate Surface™ experience. Built on Microsoft's proprietary Surface Connect technology, the SD7000 is a powerful docking station allowing users to connect to two external monitors, USB peripherals and a wired network.

Work upright using the Surface as a display or angle it flat to use as a graphics tablet in Studio mode

K62917EU

USB-C™ port | Gigabit Ethernet | HDMI

Combo 3.5mm Audio In/Out | 4 x USB 3.0 | DisplayPort++ | Kensington Security Slot™

With the optional Locking Kit (K62918EU/K63251M) to secure the Surface Pro, the SD7000 offers best-in-class docking

Kensington
The Professionals' Choice™

Trusted for over 35 years, Kensington's reputation for excellence hinges on its willingness to anticipate the changing needs of today's ever-evolving workplace.
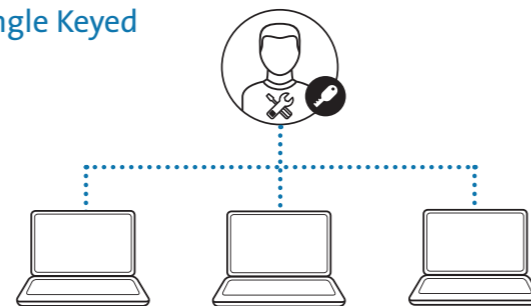

Kensington Locks - Custom Keyed Solutions

Custom Keyed Solutions are the most popular security option for any business or institution. They give you more control over equipment while safeguarding employees from laptop and data theft. Choose from one of the distinct options for the kind of access and control that is right for you:

Master Keyed

Unique, individual keys and locks for devices; Master key opens all locks. Allows individuals access to own equipment while IT manager has control of all the equipment and data.

Single Keyed

All locks are alike; only one master key will open locks. No individual keys provided. Designed to reduce risk in classroom, lab, or library environments. Computer can be locked in place with IT manager access only.

Quality

With over 35 years of experience in engineering high-volume IT-related manufacturing, Kensington's rigorous quality control means all products are tested above industry standards.

Support

Kensington's clients are based around the world and include organisations large and small. Every customer is treated as a top-tier professional, no exceptions.

Design

Through meticulous research, design and engineering, Kensington award-winning solutions meet the ever-changing performance and compatibility needs of the peak professional.
