3. How to wear

Jabra Evolve 65e is designed to be worn around the neck.

For the optimal call experience, position the microphone as close to your mouth as possible.

3.1 Getting the correct fit

The earbuds are supplied with three EarGel and EarWing sizes: small, medium and large.

Small

Small

Medium

Medium

Large

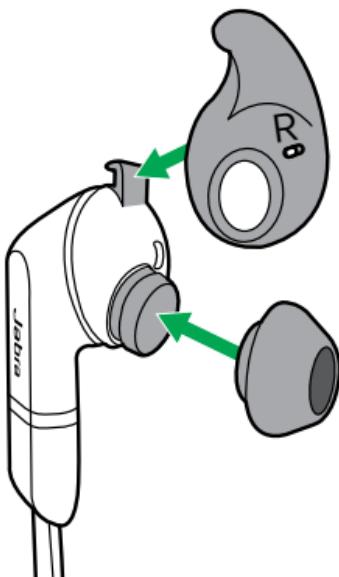

Large

It is highly recommended to mix and match the different EarGel and EarWing sizes to find the best combination for your ear. The correct fit will feel tight and will seal out background noises.

3.2 Attaching the EarWings

To properly attach the EarWing, align the indent on the EarWing (as illustrated) with the ridge on the earbud, and stretch the EarWing over the earbud. It will fit perfectly in the groove when properly attached.

3.3 Using the magnetic earbuds

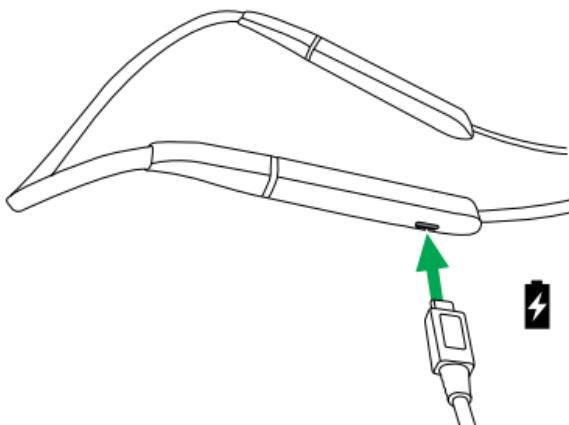

The earbuds are magnetic and connect together for convenient cable and power management. When the earbuds are connected, your music will be paused or your call will be ended. Go to section 6.1. for more information.

4. How to charge

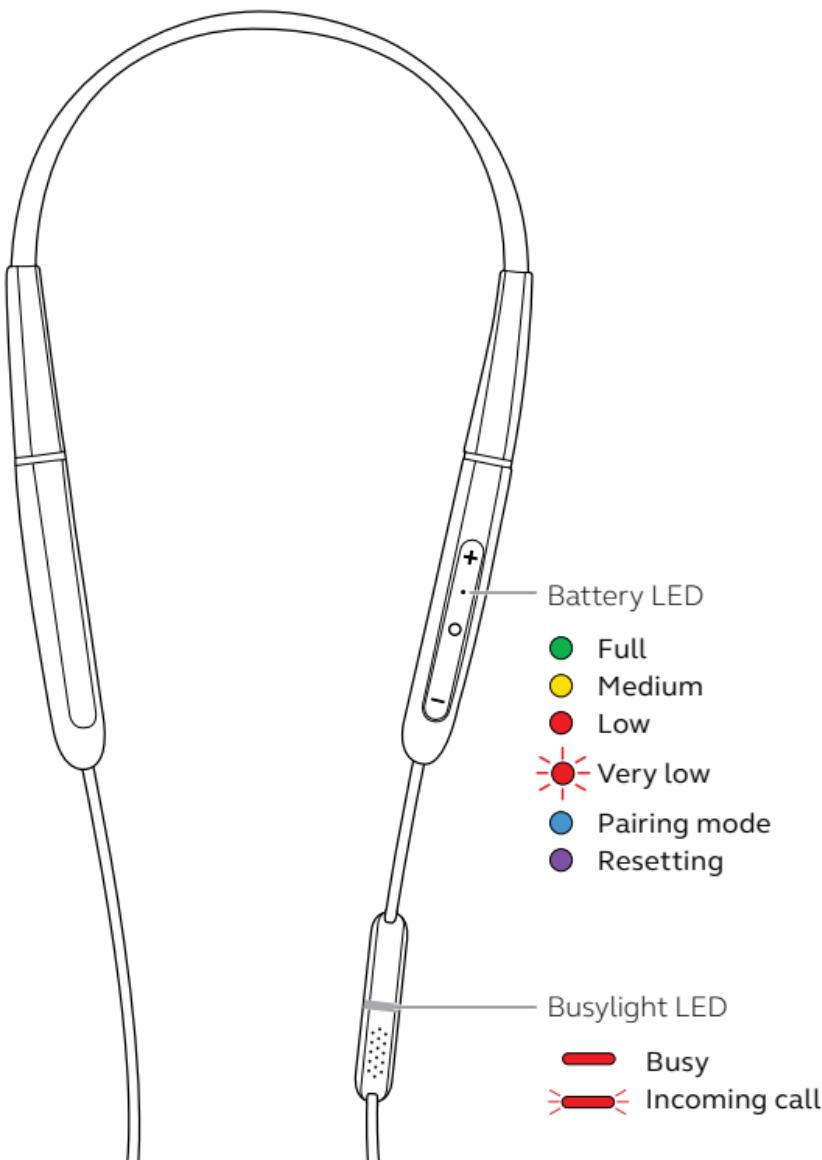

To charge the earbuds, connect a USB charging cable to the USB charging port on the neckband. It is recommended to charge the earbuds using the supplied Jabra charging cable, however it is possible to charge the earbuds using your smartphone charger.

It takes approx. 2 hours to fully charge the earbuds.

Note: Always clean and dry the USB charging port before charging the earbuds. It is recommended to recharge the earbuds at least once a month.

10.2 How to care for your earbuds

- Always store the earbuds with the power off and safely protected.
- Avoid storage at extreme temperatures (above 50°C/122°F or below -10°C/14°F). This can shorten battery life and may affect the earbuds.
- Regularly clean the mesh on each earbud to avoid them becoming blocked.
