

Parallels Desktop[®] 7 for Mac

run **windows** applications like they were made for your **mac**

Simplicity, performance, and **no rebooting** make Parallels Desktop the #1* choice for running Microsoft Office, Windows Internet Explorer, QuickBooks, PC games and more – **on a Mac.**

Great for **home** or **school**

Parallels Desktop 7 for Mac enables one Mac to handle all your computing needs. Run Windows and Mac OS X side-by-side; even use parental controls to manage access to Windows applications. **In school?** Run the PC programs your school requires and the Mac applications you love.

A Mac-based business **must-have**

An office full of Macs can still run the business-critical PC applications that you, your clients and your partners need. **On the go?** Parallels Mobile Pro for your iPad and iPhone lets you remotely use your Mac and Windows applications from anywhere.

Made with **Mac lovers** in mind

If you love Mac, you'll love **Parallels Desktop 7** for Mac. Run Mac OS X and Windows without rebooting. Experience Windows applications with the same elegant look and feel as Mac applications with features like Mac OS X Lion Launchpad, full screen support, gestures and Mission Control support.

TESTED, TRUSTED AND TALKED ABOUT**

With more than 90 new, exciting features and enhancements, **Parallels Desktop® 7 for Mac** is the smart solution for running **Windows** on **Mac**.
