ScanSnap S1300i

S1300i	10 Sheets	600 dpi	Simplex 12 ppm	Duplex 24 ipm

OPERATES ON BOTH WINDOWS AND MAC OS OPERATING SYSTEMS • OPERATES ON BOTH SINGLE AND DOUBLE SIDED DOCUMENTS

Stack, Scan. Simple!

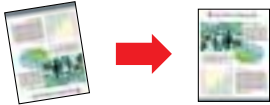

The portable ScanSnap S1300i provides Windows and Mac users the tools to be productive and paperless... anywhere – anytime.

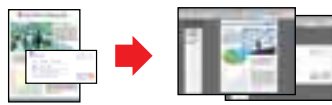

Simple, Speedy & Compact!

The ScanSnap S1300i is a document scanner for the PC or Mac user capable of scanning up to 12 pages per minute / 24 images per minute. The 10 page ADF can cope with a mixed variety of single or double sided documents ranging in different size and thickness as well as colour or black and white.

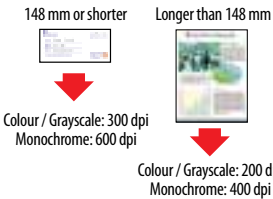

• Auto deskew and auto orientation

• Auto-size detection

• Automatic resolution function

• Intelligent auto colour detection

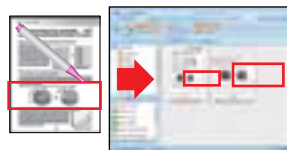

Efficiently Manages Scanned Documents

- S1300i users can easily locate specific ScanSnap generated PDF and JPEG files by viewing displayed thumbnail images
- Keyword searches can be performed on S1300i generated PDF file text
- The S1300i creates searchable PDF files by performing OCR functions when the linked computer CPU is idling

Intelligent Cropping (PC users only)

This feature enables users to easily "cut out" digitised copies of newspaper and magazine articles that they have outlined on the original paper document with a highlight pen.

Intelligent Indexing

This feature extracts text from sections of scanned images that have been highlighted. This index information can then be attached to PDF files as so called Meta Data.

Bundled PDF Management and Search Software

The S1300i "Quick Menu" Facilitates Intuitive Use

Users just choose what they want to do from the Quick Menu, which appears after a document has been scanned. The S1300i Quick Menu is perfect for everyone, even the complete novice!

• Quick Menu for Windows® OS Users

• Quick Menu for Mac OS Users

Generates Microsoft® Word, Excel and PowerPoint® Files

- Editable images can be created by scanning directly to Microsoft® Word, Excel and PowerPoint® files*
- * PowerPoint® functionality available for Windows OS only. Generated images and text may vary from the original

Top-class OCR engine

Bundled **ABBYY FineReader for ScanSnap™ 4.1**

Seamless linking to Cloud services

The ScanSnap series scanners come with a standard array of functions for near effortless scanning to Evernote, Google Docs, Salesforce, SugarSync and Dropbox. The S1300i brings significant upgrades to the ScanSnap series entry model for convenient browsing from a computer or smartphone – anywhere, anytime.

ScanSnap Folder (Windows OS only)

You can now easily scan into your preferred application or cloud service even when no scan interface is available, through the import capability. Browse to the new ScanSnap Folder and hit the blue scan button. The documents are now imported into your application and automatically deleted from the ScanSnap Folder on your local computer!

ScanSnap welcomes Dropbox

The new S1300i features the latest Quick Menu which includes a new function for saving scanned documents to Dropbox, one of today's leading online file syncing/storage services.

With more cloud services to choose from, ScanSnap customers are sure to find the right application for their documents.

Efficiently Organises Business Card Information

- Scans large volumes of business cards into digital business card holders
- Enables users to export scanned data into Excel, Outlook, Salesforce and other contact management tools for future reference

Business Card Scanning Software

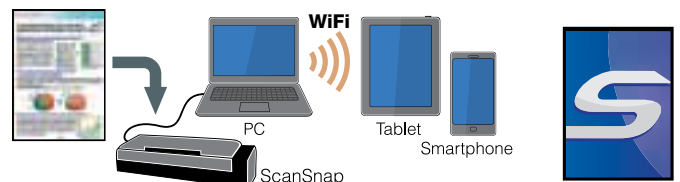

Bundled For PC Users: **CardMinder™ V4.1**
For Mac Users: **Cardiris™ 4.0 for ScanSnap**

ScanSnap S1300i Deluxe comes with Rack2-Filer V5.0

- Directly file and organize your digitized documents in virtual binders
- Realistic page flip interface with useful editing functions
- A powerful tool for uniformly managing image data produced by the S1300i and other devices

Scans to a greater range of mobile devices

Like all scanners of the ScanSnap series, the S1300i supports wireless scanning to iPad® and iPhone® devices for convenient mobile viewing via the mobile app ScanSnap Connect Application*, which now comes in a version for Android™ smartphones and tablets.

* ScanSnap Connect Application is available as a free download from the official application distribution service of the device (e.g., Google Play and Apple App Store). The Wi-Fi of the ScanSnap installed computer must be turned on to use this feature.
