

THE BUTTON - HOME ON

Manually activate or deactivate any device and actions within FIBARO system.

SIMPLICITY AND HUNDREDS OF POSSIBLE USES

The Button allows you to manually activate and deactivate any both electrical device of your choice as well as actions within the FIBARO system. From something as simple as lighting a bulb to complex sequences.

AT HOME

A universal manual switch for connected devices and customized scenes.

AT WORK

Execute daily tasks at work more efficiently and enhance your customer service.

FOR EMERGENCIES

Your ultimate help button that calls for assistance when you need it.

CHOOSE YOUR COLOR

Available in several different colors, The Button can improve the ambiance of any room.

COMPACT WITH FULL MOBILITY

The Button can be placed virtually anywhere. Place it to one spot and simply move it somewhere else if needed.

PRECISION CRAFTED AND BATTERY POWERED

The highest production standards ensure the device is long-lasting and works flawlessly.
Powered by battery, The Button is completely wireless.

THE JOY OF CLICKING

The Button does not just give you a variety of uses. It is also fun to use every day.

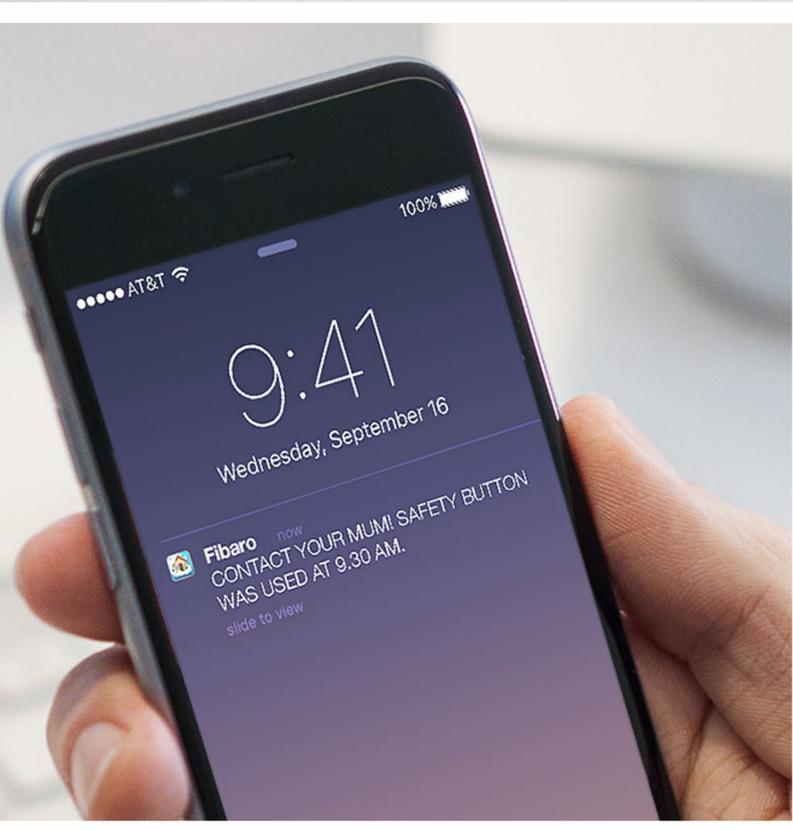

ALWAYS CLOSE, VISIBLE OR HIDDEN

Use it anywhere in your home. The Button is there for you whenever and wherever you need it. Depending on your needs, you can keep The Button in sight or somewhere discreet.

CARE FOR YOUR LOVED ONES

Extremely convenient for small children, seniors, and those who are sick and their caretakers.

Mobile notifications

Your loved ones are just a click away as The Button informs you of their needs.

FOR THE ENTIRE FAMILY

Assign a button color for each member of the family or allow your children to turn them into little works of art.

CLICK SEQUENCES AND EVEN MORE POSSIBILITIES

The Button recognizes up to 6 different actions. One click can turn off the light, two clicks can activate the AC unit, and holding the button down can trigger a customized scene.

WHEN TIME COUNTS

Calling a taxi or ordering food has never been this quick or easy.

* This feature depends on the services offered by the providers of goods and services.

RUNNING ADVANCED SCENES IS EASY!

“Scenes” are synchronized actions involving several devices. With The Button, you can run scenes with just one press, e.g. „movie night”.

ALWAYS IN THE RIGHT PLACE

Place The Button wherever you could use an additional switch.

THE CLICK TO SUCCESS

THE BUTTON 

EASY TO SYNCHRONIZE WITH YOUR SYSTEM

Adding The Button to your FIBARO system is almost as simple as using it.

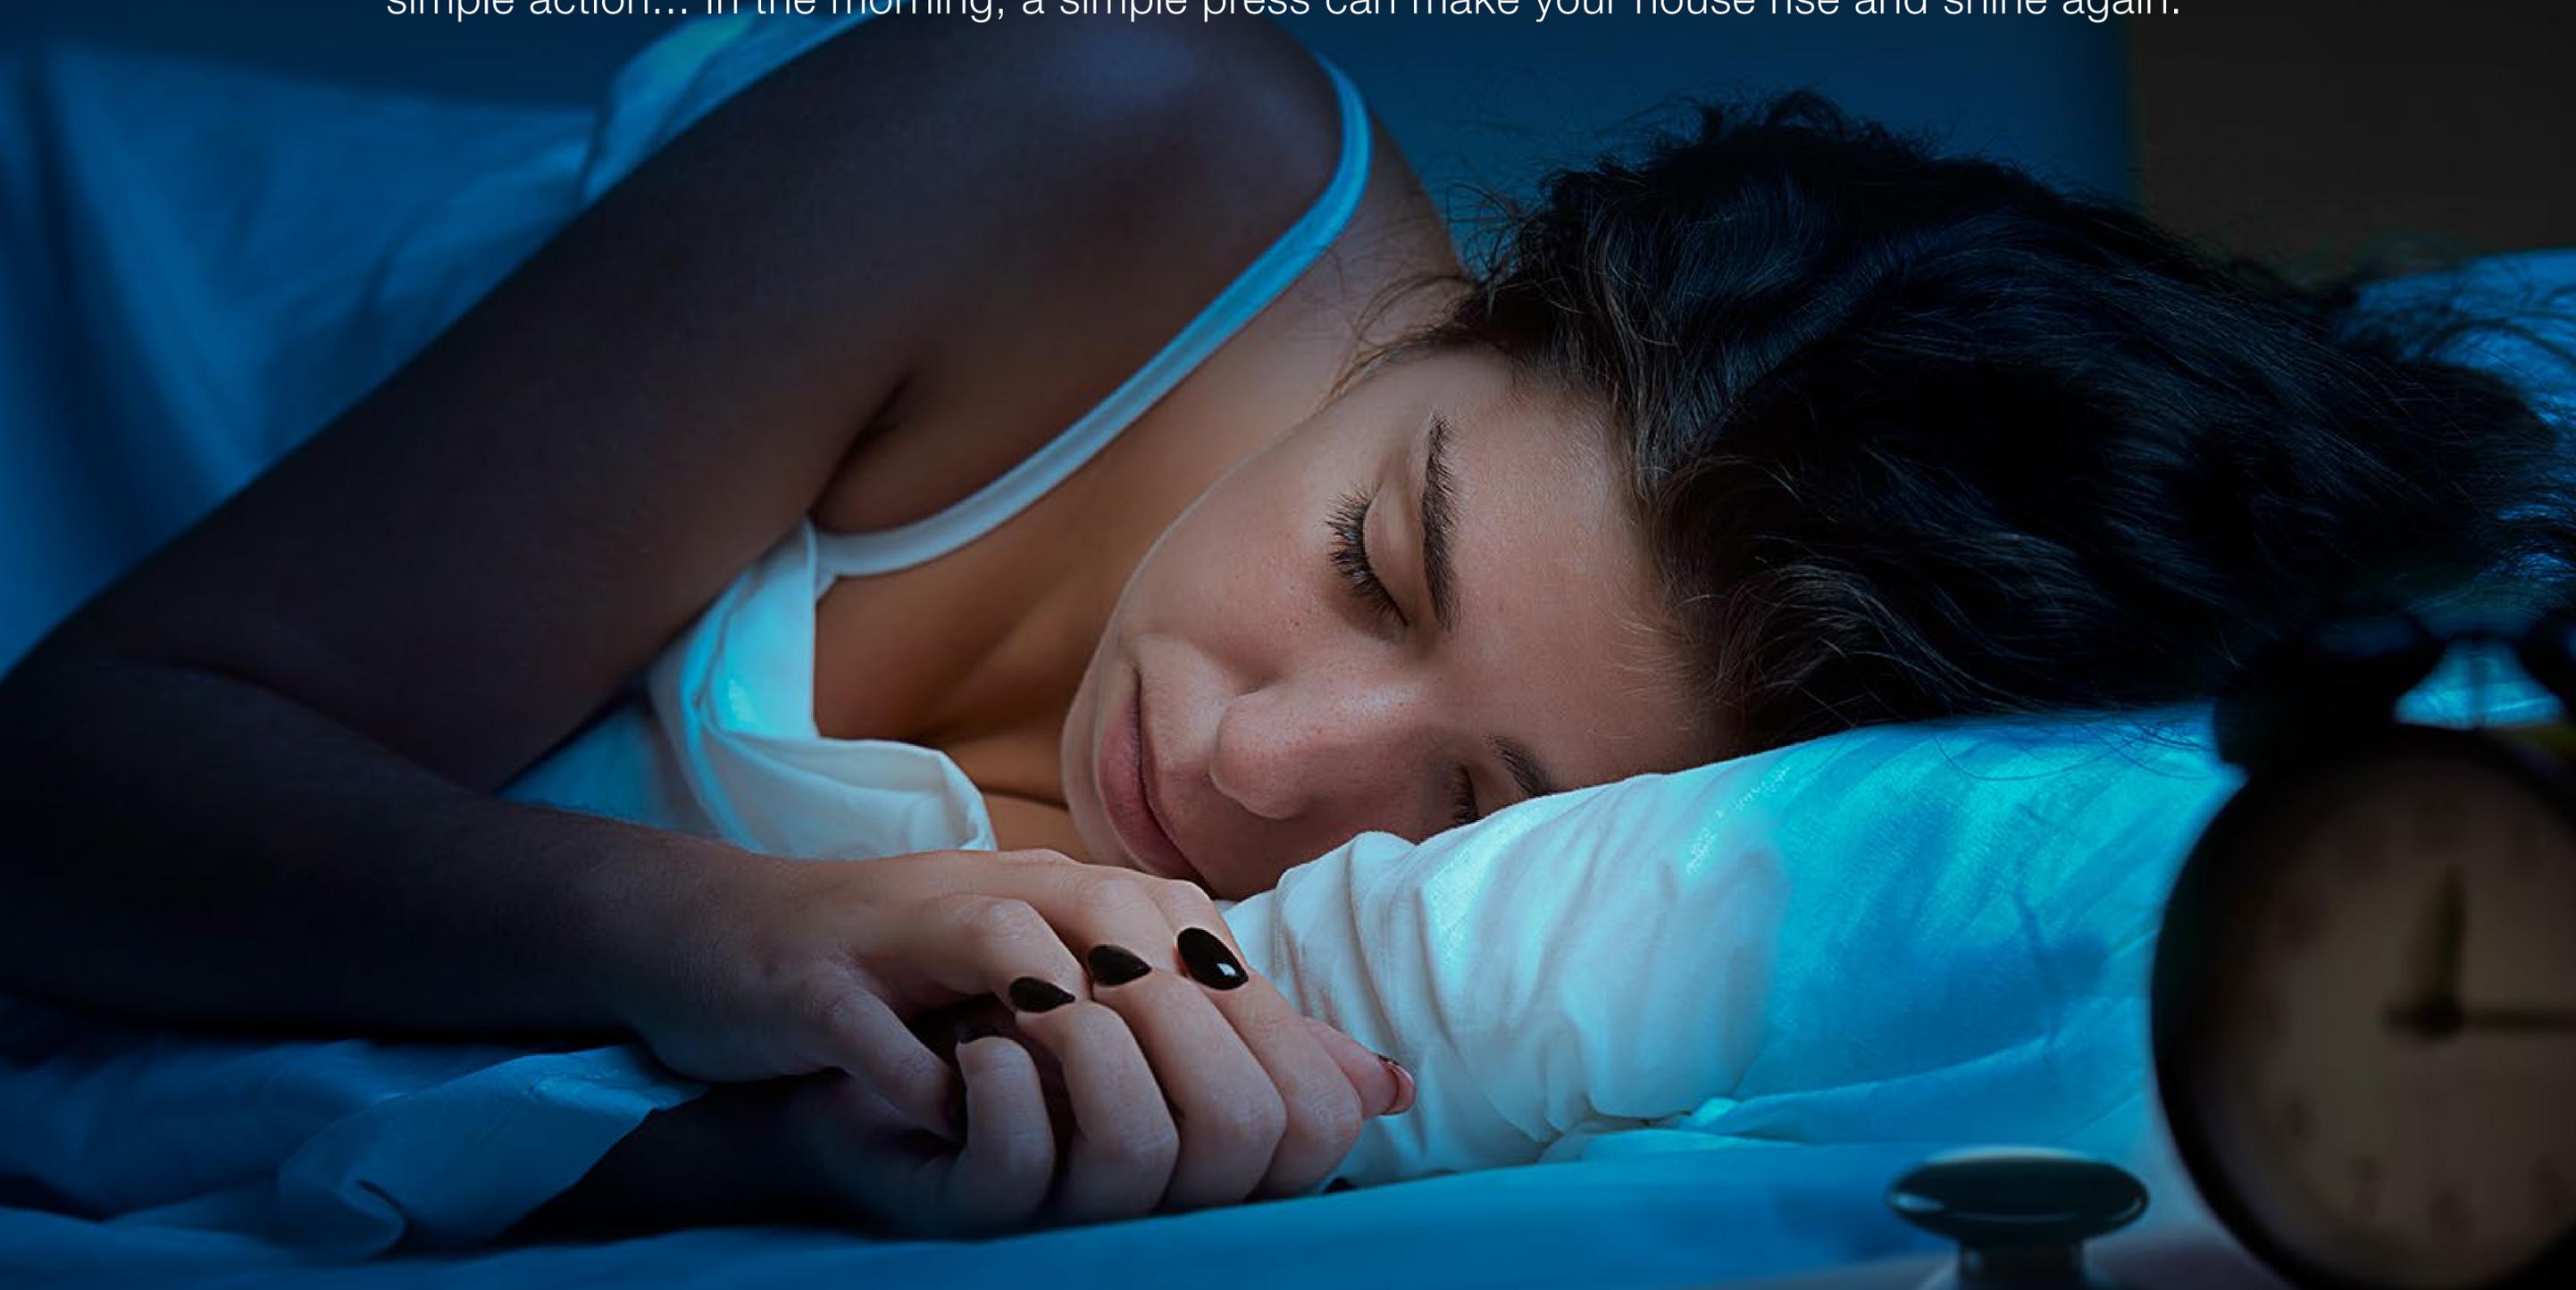

NEVER BE LATE AGAIN

Activate your "I'm Leaving" scene, which closes the blinds, turns off electrical devices, and sets the alarm with one simple press.

GOOD NIGHT

Press The Button and the system can turn off the lights, lock the doors, and set the alarm, all in one simple action... In the morning, a simple press can make your house rise and shine again.

THIS IS JUST THE BEGINNING

Once synchronized with the FIBARO SYSTEM The Button is ready to use out of the box. Along with other modules and features of the system, The Button gives users a vast dimension of possibilities.
