 Model Number:
 AFLTY-004

FLOATY

This easy-to-spot flotation attaches to The Frame Backdoor (HERO5 Black), Super Suit or the Standard Housing Backdoor for earlier HERO® camera housings¹ to keep your GoPro afloat.² Great for snorkelling, surfing, wakeboarding or other water activities. Also includes an adhesive anchor and camera tether for added security in extreme conditions.

FEATURES + BENEFITS

Bright Orange Colour

Floaty is easy to spot in any kind of water, even from a distance.

Easy to Use

Simple attachment system adheres to backdoors and works with all HERO® cameras except Session™.

Includes an Anchor + Tether

The adhesive anchor and tether provide added security for your camera in extreme conditions.

WHAT'S INCLUDED
