APC SurgeArrest

PM1W Series

Reliable and Safe Protection

Lightning and power surges can destroy unprotected electronic equipment. Voltage fluctuations can cause keyboard lockups, loss of work and will degrade electronics over time. The new APC SurgeArrest PM1 series is guaranteed to protect your home and office electronics from the constant threat of dangerous power disturbances.

Multi-stage surge protection

circuitry ensures protection is guaranteed for life. All three power modes (L-N, L-G, N-G) are protected.

EMI/RFI noise filter

protects from electromagnetic and radio frequency interference, specifically valuable for maintaining AV quality and preventing keyboard lockups.

Surge Protection LED

Illuminates when the APC SurgeArrest is on and supplying conditioned utility power to the plugged-in equipment.

APC SurgeArrest

PM1W Technical Specifications

General	PM1W-GR	PM1WU2-GR
Input Voltage		250V
Input Frequency		50 +/- 5 Hz
Socket type		Schuko CEE7
Maximum line current per phase		16A
Color		White
USB Output	X	2 port 2.4A with smart charging
Surge Protection		
Joule Rating		918 Joules
Maximum spike current		36,000 Amps
EMI/RFI noise reduction		30 db
Physical		
Unit Dimension (LxWxH)		100 x 63 x 41.5 mm
Unit Weight		~0.155 kg
Shipping Dimensions (LxWxH)		106 x 88 x 70 mm
Shipping Weight		~0.225 kg
Management		
Surge Protection LED		Yes
Warranty and Compliance		
Full Warranty		All models, varies by region (see www.apc.com for details)
Regulatory Compliance		CE, ROHS
