

USB Type C Port Blockers, pink, 10pcs

No.: 40437

Additional blockers to block access to open Type C ports

Description

- Physically blocks access to a USB Type C / Thunderbolt 3 port
- Quick and simple to use
- Replacement Pack of 10 Blockers
- Key Available separately
- 2 Year Warranty

With the Lindy USB Type C / Thunderbolt 3 Port Blocker, you can quickly block open ports and easily prevent users from connecting cables, devices or inserting foreign objects without permission.

The USB Port Blocker is made up of a combined 'key' and 'lock' assembly which plugs into the USB port. To use, simply plug the 'keylock' into the port and release the latch - the lock remains in place! Plug the key back into the lock to remove. Easy!

With this neat little device, system administrators can physically prevent users from connecting Pen Drives, Mobile Phones and other USB Mass Storage Devices to their computers to copy data and introduce viruses.

Please note: these port blockers are only compatible with the corresponding colour of port blocker key.
