Camcorder

PRODUCT HIGHLIGHTS

- Advanced durable design
- Full HD 1080p resolution images
- Loaded with easy-to-use features

Portable, durable, and ready to record: take the Samsung W200 Camcorder virtually anywhere, and capture all your favorite shots. Its all-weather design is resistant to the elements, meaning it's water-, shock- and dust-proof. You'll still enjoy the the highest HD image quality, thanks to an anti-fog lens, advanced Backside Illimuniated CMOS Sensor (BSI) and FullHD 1080p movie resolution – and you can even shoot underwater. A 5.5 megapixel still image capture gives you the greatest clarity for unforgettable still frames. Add features that are easy to use, including an innovative built-in USB arm for connection flexibility and a Record/Pause function that lets you keep multiple shots on a single file, and you've got a powerhouse pocket-sized way to capture your active life in High Definition digital video.

W200 Pocket Camcorder

SPECIFICATIONS

2.3" Clear Pixel LCD (230k): Lets you see all of what you are recording.

F2.2 Bright Lens: Gives you the ability to shoot in a wide array of conditions.

Backside Illuminated CMOS Sensor (BSI): is twice as sensitive for better low-light recording with less image noise and distortion.

Waterproof: Films sharp brilliant moving pictures in up to 3m of water.*

Shockproof: Withstands shock up to 2m.*

Dustproof: Repels dust and sand, perfect for use at the beach.*

VIDEO FEATURES

3x Digital Zoom: Brings you closer to the action.

1/3.2" 5 Megapixel BSI CMOS: Delivers double the sensitivity of conventional CMOS sensors.

1920x1080/30p Full HD Movie (H.264): Record your movies in high quality full HD.

Image Stabilizer: Keeps shots sharp and ideally focused when shooting in low light, while zooming in, or when your camera is unsteady.

Aqua Mode: The W200's advanced Aqua Mode technology takes high quality videos in any environment, including under water (up to 3 meters).*

Record Pause Function: Pause while recording, to create one continuous file for easy uploading to social networking sites.

CAMERA FEATURES

Smart Auto: Camcorder can recognize the current scene and automatically adjusts AE, AF, AWB to ensure the best shooting.

Smart Filter: Add an artistic touch with lens effects: vignette subjects, or create a fish-eye lens look.

Face Detection: The Face Detection feature automatically focuses on each face in a scene and seeks optimal facial brightness for added clarity.

One Touch Sharing: Don't wait to share that great shot. Samsung's One Touch Sharing lets you instantly send stills and videos to friends and family, directly from your camcorder. At the touch of a button, you can upload shots via USB to your PC, email addresses, and social media sites.

Anti-fog Glass: W200's lens with anti-fog coating lets the steam disperse for clear, blur-free videos and pictures.

5.5 Megapixel Still Image Capture: The W200 not only shoots high quality video, but captures brilliant still images as well.

CONNECTIVITY

Built-in USB charging: Connect directly into any USB port for direct video or photo transfer to any compatible TV, PC or other electronic devices. To charge the battery while on the go, simply plug into any USB port.*
